

DON BOSCO ALUMNI PARK CIRCUS UNIT (INC)

BOSCO CARES

WHAT : The Don Bosco Alumni Park Circus unit aims to provide support to the less privileged of the society in three significant areas related to – **Education (Adult Literacy Programme), Touching Lives (Bosco Care) and Food (Bosco on Wheels).**

Bosco on Wheels an initiative taken to fight against **hunger**. We would provide **healthy, fresh and nutritional** meals for free to the ones in need. We would conduct this activity once in a month initially and gradually enhance to 4 times a month. We would be providing roti with sabzi and sweets, serving 250+ people per activity initially.

Bosco Care is an initiative to bring a smile by touching the lives of the people at **Old Age Homes, Orphanages , Red Light Areas and similar**. The objective is to spend time with them with our own families (past pupils and their families, present students and their families and the entire DBPC community), with the less fortunate ones and doing a day out with them trying to bring laughter and joy in their lives. Different activities likes games, performing arts along with food would be arranged and such an activity would be done once a month initially.

HOW : To execute our objective, and to bring smiles in the lives of as many as we can, we need the support of all and make contributions towards the cause .
